

Goal 4.2.2 of the Social Sciences Strategic Plan encourages the dean and senior faculty to observe the teaching of the junior faculty in their own discipline. I would like to invite you to my _____ class, which meets _____ in room _____, as an observer. I would also appreciate any timely feedback you could give me as a result of your observation. You can fill out the Peer Review of Teaching Form, or you can simply use it as a guide for your written comments.

Please let me know what day would be convenient for you.

Thank you!
