

Indiana University Southeast Partners

Partners was developed by Indiana University Southeast to help students at Ivy Tech prepare for the expectations of university coursework. Students whose admission is deferred by IU Southeast are encouraged to participate in Partners. Students who successfully complete the Partners requirements below are guaranteed admission to Indiana University Southeast.

Apply to Ivy Tech

Visit www.ivytech.edu to apply. Complete your application here or visit one of Ivy Tech's Express Enrollment Centers at their many locations throughout Indiana.

Complete Indiana's Statewide General Education Core (STGEC) or a transferable associate's degree.

To be guaranteed admission through Partners, please meet with an Ivy Tech Academic Advisor to learn more about the 30 credit hour general education core or Transfer Single Articulation Pathways (TSAP) that transition to four-year IU Southeast degrees.

To transfer, *at a minimum*, students must have completed 12 credit hours at the 100-level or higher with a cumulative 2.0 GPA on a 4.0 scale. Classes must include 100-level English, 100-level math, and two transferable courses/6 hours. All classes must be completed with a C or higher.

Contact Our Transfer Specialist

If you have questions or concerns about transferring or you've already completed the Transfer Requirements, **IUS's Transfer Specialist is available for you while you are at another college/university!**

For questions or to schedule an appointment, contact us at (812) 941-2212 or transfer@ius.edu.

Scholarships

Don't forget to apply for scholarships! Once you've been admitted to IU Southeast, you may be eligible for a transfer scholarship! Visit www.ius.edu/transfer for more details!

Re-Apply to IU Southeast

Once you have completed the steps above, re-apply at www.ius.edu/apply as a Transfer Student. If you've already paid the application fee, submitted your high school and/or college transcripts, you will only need to provide your *updated, official transcripts* from Ivy Tech. *It's that simple!*
